FRANKFURTER ASKS EXILES BE ADMITTED

Honored Citizen Makes Plea

By Jewish Telegraphic Agency

NEW YORK—Receiving one of the three annual awards of the National Institute of Immigrant Welfare conferred on citizens of foreign birth who have distinguished themselves, Prof. Felix Frankfurter of Harvard Law School last week made a plea to the United States to keep its gates open to refugees.

Prof. Frankfurter received the scroll of honor at the Institute's annual dinner at the Hotel Biltmore. He declared:

"Gratitude is one of the least articulate of the emotions, especially when it is deep. I can express with very limited adequacy the passionate devotion to this land that possesses millions of our people, born, like myself, under other skies, for the privilege that this country has bestowed in allowing them to partake of the fellowship.

"It has bestowed this fellowship from the beginning. The unfolding of our republic is the story of the most significant racial admixture in history. The very Constitution of the United States was made, in the classic language of the Supreme Court, 'for the undefined and expanding future and for a people gathered from many nations and of many tongues.'

"Nothing is more uniquely American than this hospitality to the human spirit, whatever its source. The times in which we live are bringing to American life doers of great deeds and thinkers of great thoughts, and men and women undistinguished except as the sturdy foundation of every good society.

"We should welcome them as generations before us welcomed the pilgrims of '48. For they come, not merely because persecution drives them; they come because the American tradition beckons them."

Goldwyn To Produce Film Called, "The Exile"

By Jewish Telegraphic Agency

HOLLYWOOD—Samuel Goldwyn has announced that he will dramatize the exiling of the Jews from Germany in a film to be entitled, "The Exile," which will feature Jascha Heifetz, the violinist, in his first screen role. The picture will go into production, he said, as soon as a cast can be assembled to play the parts of the other exiles. "Why should Sam Goldwyn wait twenty years to make a picture of the most dramatic thing that has happened in this generation?" he said.

WISE HONORED

By Jewish Telegraphic Agency

NEW YORK—Upon his completion of forty years of service in American Jewish communal and religious life, Dr. Stephen S. Wise, chairman of the executive committee of the United Palestine Appeal, was honored last week by more than 350 leaders in the food industry at a testimonial dinner at the Hotel Astor under the auspices of the Food Division of the U. P. A. The speakers' table bore a huge cake inscribed to Dr. Wise.

By Jewish Telegraphic Agency

SUFFERN, N. Y.—A meeting, at which Fritz Kuhn, national leader of the Nazis, was to speak, was cancelled after a conference of the village trustees, Joseph Vilord, chief of police, and Herman J. Hoefflich of New City, Rockland County, head of a local Bund unit.

A. J. C. Alters Plebiscite Form

By Jewish Telegraphic Agency

NEW YORK—Bowing to widespread criticism, the American Jewish Congress has radically altered the form of the plebiscite announced for next month.

The ballot, according to a decision reached at a private meeting of Congress leaders, will contain one question instead of four previously listed. That question asks simply whether the registrant favors union, on a democratic basis, of all Jewish organizations fighting anti-Semitism. There is no reference in the question to a Jewish State, nor is the voter asked to designate the American Jewish Congress as the sole representative in the fight on anti-Semitism.

The term referendum is substituted for "plebiscite" in the new ballot form, the latter description having evoked particular criticism as unpleasantly reminding of recent continental votes.

The question is now as follows: "Do you favor a union of all American Jewish groups engaged in safeguarding the equal rights of Jews, which shall undertake to create for the defense of such rights, a single all-inclusive agency organized on a democratic, representative basis, in accordance with American ideals?"

Reporting for the National Board of Elections, of which he is the chairman, M. Maldwin Fertig, declared that in the past fortnight, in 57 cities where two-thirds of the Jewish population of this country reside, 100,000 registration booklets containing ten certificates each and total in all one million, had been distributed.

Louis Lipsky, vice-president of the congress and chairman of its administrative committee, invited the American Jewish Committee and the B'nai B'rith to join the elections board and to improve its democratic procedure, if that was desired. Mr. Lipsky's invitation was extended in reply to the criticisms which have been levelled against the elections by representatives of the Committee and B'nai B'rith.

\$2,250,000 Gift For Harvard

By Jewish Telegraphic Agency

CAMBRIDGE, Mass.—Dedicating his \$2,250,000 gift to "the improvement of public administration," Lucius N. Littauer, Jewish philanthropist, laid the cornerstone of Harvard University's new graduate school for study and research on basic governmental problems.

Inter-Marriage Urged By Youth At Chicago Meet

Religious News Service

CHICAGO—A declaration that "Jews and Christians should intermarry" because "the present crises in the world are breaking down nearly all barriers between Christianity and Judaism, and the defense of both democratic and religious ideals demands religious unity hitherto unknown" was made here by Samuel Brown of Brooklyn, N. Y., a consultant of the Young People's League of the United Synagogue of America.

Mr. Brown spoke before a forum on marriage problems at the Silver Jubilee Convention of the United Synagogue of America.

His view was opposed, however, by a majority of the speakers. The new demands of democracy, Mr. Brown said, require the obliteration of "hoary traditional restraints."

He deplored the conservative view of ancient Orthodox legislation that required the exclusion from family or synagogue of any Jew marrying a gentile unless the gentile embraced Orthodox Judaism.

Bishops Oppose Bingo Gambling

Religious News Service

NEW YORK—Two more Protestant Episcopal bishops, Wallace J. Gardner of Trenton, N. J., and George Ashton Oldham of Albany, N. Y., have issued vigorous statements opposing bingo and other gambling devices for raising church funds. Their statements follow recent similar pronouncements by two other Bishops of the same Church, George Craig Stewart of Chicago and Benjamin Brewster of Portland, Maine.

WARSAW—A Jewish youth committee presented to the Polish Aero Club the first of a series of planes intended as a gift for the Polish State. General Leon Berbecki chairman of the Polish League for Air Defense, in accepting the plane, declared its presentation was a symbol of fraternal ties among the citizens of Poland.

BURN JEW, 2 JAILED

By Jewish Telegraphic Agency

SOSNOWIEC, Poland—The district court sentenced two members of the anti-Semitic National Radical party to prison terms of three and two years respectively for burning a Jewish religious school student last February. The defendants were convicted of pouring gasoline on their victim and igniting it.

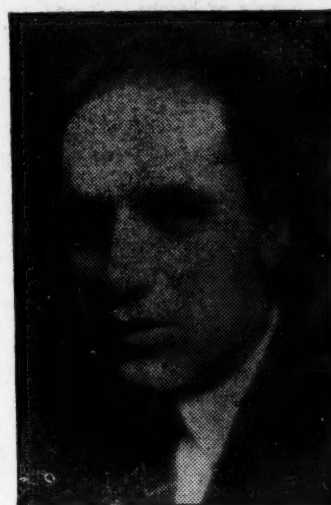

Mayflower Scion Loses In Goldberg To Clark Change

By Jewish Telegraphic Agency

BOSTON—Samuel I. Goldberg, 25-year-old son of a Dorchester tailor stepped from the Suffolk County Probate courtroom and faced the world with a new legal name—Samuel Buddy Clark, the name by which he is known to thousands of radio listeners from coast to coast. But another man named Clark, who said his ancestors came over in the Mayflower, told Judge Frederick J. Dolan that he would fight the case to the State Supreme court.

Edmondson Free In Libel Charge

By Jewish Telegraphic Agency

NEW YORK—An indictment against Robert Edward Edmondson, anti-Semitic pamphleteer, for libeling the Jewish religion has been dismissed by Judge James G. Wallace of General Sessions Court on the grounds that New York State's law did not cover group libel. In his decision, Judge Wallace denounced Edmondson, but held it was wiser to "bear with scandal-mongering than to extend the criminal law to become an instrument of oppression."

Judge Wallace also dismissed, on his own motion, indictments against Edmondson alleging that he had libeled Secretary of Labor Frances Perkins and Dean Virginia C. Gildersleeve of Barnard College, on the ground that "these indictments on their face do not set forth a crime."

Dismissal of the indictments was sought recently by five organizations, including the American Jewish Congress and American Jewish Committee, in briefs filed with the court. Mayor LaGuardia had taken the initiative in June, 1936, in obtaining the indictments, and since then there had been several postponements of Edmondson's trial.

"There can be no doubt as to the defamatory nature of the publications mentioned," Judge Wallace said in his 19-page decision. "They are palpably the outpouring of a fanatical and bigoted mind. Nevertheless, they have been circulated for years and have never provoked a breach of the peace in this community, nor, in spite of their virulence, are they apt to."

First Act Of Monsky To Save 26 Children

Special

WASHINGTON—B'nai B'rith's new executive committee, elected at this week's 15th general convention of the Order here, as its first action voted to save twenty-eight Jewish children from the Nazi inferno and enable them to build new lives in Palestine.

The executive committee voted \$10,000 to the Youth Aliyah after a personal appeal from Mrs. David de Sola Pool of Hadassah and Mrs. David Greenburg, national president of the Youth Aliyah.

President Henry Monsky presided.

The executive committee also approved the sending of a substantial sum each month for the coming year to buy kosher meat for orthodox inmates of various philanthropic institutions within Germany.

Half Million For Anti-Defamation.

By Jewish Telegraphic Agency

WASHINGTON—The closing session of B'nai B'rith's fifteenth triennial convention instructed its executive committee to evolve a plan for establishment of a \$500,000 emergency budget to fight anti-Semitism and anti-Americanism through the Anti-Defamation League. A budget of \$100,000, was voted for the Hillel Foundations in colleges and universities.

Refugee Works At World's Fair Is Mann Suggestion

By Jewish Telegraphic Agency

NEW YORK—Erection of a pavilion at the World's Fair to exhibit the works of refugees as well as those of past German creative artists was urged by Thomas Mann, the German author. Speaking before the American Guild for German Cultural Freedom at a dinner in his honor, he suggested that the organization become an intellectual clearing house for true German culture. Since last January the guild has granted fifty-three scholarships to exiled German writers. Oswald Garrison Villard, treasurer of the organization reported. Governor Wilbur L. Cross of Connecticut, honorary president, was chairman.

Judge Julian W. Mack Wins Gottheil Award

By Jewish Telegraphic Agency

NEW YORK—The 1937 Gottheil Medal of the Zeta Beta Tau Fraternity for the American who has done the most for Jewry was presented to Judge Julian W. Mack of the United States Circuit Court. The award is the result of the vote of a jury of editors representing the Anglo-Jewish press of the United States. The presentation took place at a banquet of the Fraternity at the Hotel Delmonico.

"We do honor tonight to a faithful public servant, a great humanitarian and a loveable leader in Israel," said Harold Riegelman in the presentation address. "As we engage in this congenial task we cannot avoid the melancholy observation that in this enlightened age there are countries which such as he are scourged from home and place, and exiled from the communities which might command their rich and irreplaceable talents."

The Editor's Chair:

I didn't believe they would attempt so unbelievable a tactic, but anyway I went out to Kirshbaum Center to check up. And my suspicion was right. I took with me the copy of The American Hebrew in which were printed the Indiana advertisements. And then I compared this issue with the copy Kirshbaum Center had received for the same week. The cover was exactly the same. The contents of almost all the pages were the same. But the copy in the Kirshbaum Library, and with the address of Kirshbaum stamped on it, did not contain the pages with the Indiana advertising. These pages had been inserted in the issues mailed to the advertisers. Nice going, Mr. Biben. I noticed where you attended the B'nai B'rith Supreme Grand Lodge convention as the delegate of your local lodge, and also I noticed a picture showing two big publishers seated side by side at a banquet table before a gathering to do honor to a good-will occasion—Frank Gannett and you.

It never rains, but it pours. Here is a copy of a letter mailed in bulk to every conceivable firm by The Jewish Forward, of New York City, bearing a local address, and dated May 9, 1937.

Gentlemen:

We are of the opinion that you believe in the ideal of religious liberty, good will and better understanding between our fellow men and among all citizens of America.

We also believe that you are always sympathetic towards the Jewish citizens of Louisville, and that you are eager to promote cooperation among your Jewish friends and the entire community.

We therefore feel confident that it will be your desire to extend your greetings and best wishes to your business and social friends in this year's Louisville Greeting edition.

It goes without saying that your friendly message at this time will show the fine spirit and high regard you have for the Jewish people.

Thanking you for any courtesy you will give us when we call on you within the next few days, we are

Very truly yours,
The Jewish Forward,
N. Goret.

Now I wonder what good will and understanding will accrue to an Indianapolis or Louisville advertiser by placing his greeting in a New York yiddish publication which has practically no subscribers—and certainly no ethics—in either of these cities. And the subtlety of the letter. Trying to trade on the sympathy of non-Jewish businessmen for the persecuted Jew.

Mrs. Goodman's Plan To Save Austrian Children

N a letter printed in the "Freedom of The Press" column on this page, Mrs. J. A. Goodman of Indianapolis, suggests a plan to aid the Youth Aliyah in the removal of a 1,000 children from Austria to Palestine. The plan is very simple and the wonder is that it has not been thought of before.

Recently, through the emergency action of Henrietta Szold, Hadassah was granted 1,000 visas for that number of Austrian children to enter Palestine, with the understanding that any of these entry permits unused by September 30 of this year would automatically be voided. With the visas secured, Hadassah arranged for the children to be received in Palestine colonies. All that remained was to raise the \$360 necessary for the maintenance of each child for the regulation two years.

Apprized of the situation Hadassah named a committee of 1,000 women throughout the United States whose task it was to raise the necessary \$360,000. It was to help this fund that Mrs. Goodman evolved her plan. Under it, friends and relatives of confirmands and graduates instead of purchasing the oft-time useless gifts that the average graduate receives would send that money to Mrs. Goodman to be applied to the Youth

Aliyah Fund. To the confirmand or graduate then, Mrs. Goodman would send a dignified announcement of the most beautiful gift in the world—the saving of a life.

When Mrs. Goodman says, "there is no finer deed than helping to save the life of a child. This is the gift nearest to the hearts of our children", she strikes the sympathetic chord in the Jewish heart which has been its remarkable feature down through the ages.

Who is it that would prefer to buy a tie, or a pair of cuff links, when that money could be devoted to a fund which translated into its strongest terms may mean life or death for a Jewish victim of the Nazi scourge of Austria? The Jewish children should be the first to endorse Mrs. Goodman's plan. It is they who should urge their friends and relatives to direct the money they would ordinarily use to buy a gift or a trinket to the Youth Aliyah fund.

It is to be hoped that Mrs. Goodman's plan will be seized upon and carried through one hundred per cent. Let the card Mrs. Goodman describes become so fashionable and popular that the tie or book as a gift will become outmoded and in its stead a symbol of Jewish charity on its highest plane—the salvaging of the life of a child will take its place as the finest present possible.

What? Jews Can't Even Be Liberals Now

WHOEVER is in charge of editing The American Jewish Times, published in Greensboro, North Carolina, must have been using their feet to think with when they "recommended" an article, "So What", by Maurice A. Weinstein, in the May issue.

"Here in our country there are too many Jews taking part in liberal movements; too many are leaders in communistic activity and labor agitation. Our position is precarious enough without permitting ourselves to be identified with those movements that are on the fringe, and which are opposed by the majority of the people. Liberal movements may be all right for non-Jews; but in view of those little mental pictures and that double responsibility, Jews should not take part in them in such a large extent."

It is possible that 2,000 years after Micah and Isaiah preached the then radical doctrine of social justice, that a writer and a publication

too, can have the effrontery to suggest that Jews should cowardly eschew liberalism?

Be a nonentity, deny your convictions, that is what young Weinstein suggests. He can be excused, he's a first-year law student at Duke University (no slam at Duke). But how about Rabbi William Greenburg, editorial director of The Times, does he suggest that Jews should retreat from their liberal position. Remember how Brandeis was labelled a radical in the fight on his nomination to the Supreme Court bench.

Certainly there are Jewish communists. And why not. Are there not communists of other faiths. But why throw communists and liberals into one paragraph and blacken them with the same pen?

Weinstein is an insipid youth, and whoever is to blame for allowing his article to slip into print, has about as much brains as North Carolina has cities over 100,000 in population.

Comments On Current Topics

B'nai B'rith And American Jewish Committee Work Minimized In Congress Bulletin.—There is the American Jewish Committee, a national agency, carrying on its own policy of Jewish defense, going about its business as if it were a private affair, about which the public knows nothing, is not supposed to know anything, from which the public receives no report; it does not even wish the co-operation of the public. There is the B'nai B'rith with its Anti-Defamation League, creating a general impression that it occupies all the front trenches, and in some mysterious way is taking care of all Jewish interests. There is also our own American Jewish Congress with its program, which is distinguished from all other agencies in that it makes public what it is doing, is anxious to put an end to communal anarchy, is seeking to establish a democratic basis for Jewish life; but at the same time it is also one of the many agencies compelled to operate in a competitive field.

Rabbi Edward L. Israel Of Baltimore, Flays Clergy For Silence In Hague Case.—The tragic events in Jersey City are the most brazen examples of trends which have appeared in American life for some time. When Mayor Frank Hague's uniformed henchmen hustled Norman Thomas out of town a few days ago, they were merely giving official expression to tactics which have disgraced the Bill of Rights only too frequently in recent years.

In view of the hubbub stimulated by certain individuals and groups with reference to the alleged dictatorial possibilities inherent in the Supreme Court and Re-organization bills, it is interesting to note the ominous silence in those same quarters regarding Mayor Hague's despo-

tism. Shamefacedly, the clergy of our land must admit that while large sections of it indulged in extremely violent protests against any legal expansion of presidential powers, there have been few demonstrations indeed by clergymen in protest against the illegal actions of the Hague despotism. In fact, the press has reported a number of disgraceful instances where ministers of religion have toadied to Jersey City fascism. It makes us wonder whether, in any final crisis of democracy in America, the clergy as a group would be of any moral value whatever in resisting totalitarianism.

The Layman, Organ Of Temple Brotherhoods, Comments On Vacations And Religious Observance.—The summer is almost upon us and with it, the call of the outdoors. The conscientious Synagogue and Brotherhood member will not take a vacation from religion or religious interests. He will not overlook the need for attending the brief Temple services during the summer, for the Sabbath has all-year significance to the Jew.

Relax, rest, and drink in the grandeurs of nature's outdoors. But no matter where your course may take you during the next three months, keep in mind that Judaism dare not serve you as but a seasonal garment to be cast aside in the summertime when pleasure and vacations take the upper hand. Every true Jew needs Judaism twelve months in every year.

Lagaron Believes Plebiscite Will Be A Failure.—The American Jewish Congress has called upon Jews of America to vote in a plebiscite. It has a perfect right to issue such a call. The Jews of America also have the right to ignore the plebiscite. I believe the majority will.

Freedom of the Press

Mrs. Goodman Suggests Plan To Save Austrian Children.

To The Editor:

From a little girl scarcely fourteen years old came to me three days ago a letter which is typical of what is going on in the minds of our children. She told how her little club of girls, all of about her age, having earned \$10.00 by energetically baking and selling cookies decided, not to spend the money on themselves. They remembered that in Austria there are many children just like themselves who yesterday were treated like human beings but today are beginning to know what it feels like to be unable to walk upon the streets of Vienna without beatings and insults. Therefore, would I please accept the enclosed check for \$10.00 and send it on to help save the lives of these poor children.

In a few weeks many of these eager youngsters will be confirmed or will be graduated from grade school, high school, or college. We, their relatives, will show our love for them by showering them with gifts, some of which will be useful, some of which will never be looked at. In many cases boys will receive enough cuff links to last through three ordinary life-times; girls will receive enough compacts for an equally long time.

Children appreciate gifts and the thoughts they express, but more important this year is the fact that they want to share with the Austrian children who have nothing. Think of the confirmation classes slinking furtively through the back alleys of Vienna to their ceremonies. Think of the young people who three months ago expected to be graduated but have been driven from the schools like lepers. There will be no gifts for any of them.

Yet we friends and relatives of the fortunate children here can do a double good deed and do it easily. And here is how: by making contributions in the name of the children who will be confirmed or graduated to a fund which is saving the lives of the unfortunate Austrian children.

It is very simple to do. Just mail a check, money order, or cash to me, giving the name of the child in whose name the contribution is to be given, the event being celebrated (graduation or confirmation), and the name of the giver. I am enclosing a copy of the beautiful card we will send the child informing him or her of the gift that has been given. Any amount, no matter how small, is acceptable. There is no standard amount.

It is the greatest gift you can give, for there is no finer deed than helping to save the life of a child. This is the gift that is nearest to the hearts of our children. It is what they are hoping you will give. If you will only ask them what they are thinking, and what they are doing in their organizations, you will find that such a gift is what they want most.

Only immediate and wholehearted action will suffice. One thousand and visas for Austrian children have been granted, but they expire September 30. Every one unused represents an opportunity lost forever to snatch a boy or girl from the hell that has been made of a fair country.

The decision rests finally with those of us who will in a few days be considering gifts for our young relatives and friends. Either we load them, who have more than enough already, or we help the Austrian children that ask only for their lives.

Yours very truly,
Mrs. Jack A. Goodman.

CITY TESTING GROUND FOR ALIYAH PLAN

Confirmation And Graduation Gifts To Aid Transfer

Inauguration of a plan whereby gifts to graduates and confirmands will be replaced by contributions to a fund to help transfer Austrian Jewish children to Palestine, was announced this week by Mrs. J. A. Goodman, member of the national Youth Aliyah Committee of Hadassah.

Evolved by Mrs. Goodman, the plan has the approval of the national office of Hadassah and if it meets with response in Indianapolis may be instituted on a national scale.

Under the plan friends and relatives who ordinarily would give a gift to the confirmand or graduate will send the money they would have spent to Mrs. Goodman. Mrs. Goodman in turn will forward the card pictured on this page to the confirmand or graduate signifying that a sum of money has been turned over to the Youth Aliyah fund in honor of the graduate.

The plan was born, Mrs. Goodman, declared, through a \$10.00 gift from a young people's club who said they wished the money to be used for aiding young victims of the Nazi scourge.

Next week the plan may be tested in Cincinnati, Nashville, Memphis, Miami, Fla., New Orleans, La., Seattle, Wash., and Chicago.

The Youth Aliyah committee has the task of raising enough money to transfer 1,000 Austrian and German children to Palestine before Sept. 30, at which time all visas unused will automatically be voided. The cost for transferring one child and the care for the regulation two-year period in Palestine is estimated at \$360.00.

Junior Hadassah To Elect Officers

Junior Hadassah will elect officers for the coming year at a regular meeting at 8 p.m., Wednesday in Kirshbaum Center.

A board meeting will be held at 8 p.m., Monday in Kirshbaum. All girls who have not turned in J. N. F. funds have been asked to do so, Goldie Dichner, chairman, said.

Cheaper Electricity Rates In Effect

Cheaper electricity is provided by the new rate schedules which went into effect May 15 for residential and commercial service supplied by Indianapolis Power and Light Co., in accordance with the recent order of the Public Service Commission of Indiana.

City homes using more than 60 kilowatt-hours a month, and suburban and rural homes using more than 40 Kw.H. a month, thus making it more economical to use electric ranges, refrigerators and other major home appliances; and business establishments using more than 30 Kw.H. a month, either in city or suburban territory.

City customers are designated in the new rate schedule as those served in Indianapolis, Beech Grove, Speedway City and Woodruff Place, where the company serves approximately 106,000 residential and commercial customers. The number of suburban and residential customers is estimated at 14,000. The new low rates will apply automatically on all bills issued after May 15th.

The new rates for both residential and commercial service are of the "step-down" kind which makes electric service cheaper as its use increases. The regular residential rate now steps down as low as 2 cents per Kw.H., as compared with the former bottom step of 2½ cents. A city residential customer using 250 Kw.H. a month now pays \$1.05 less for it than under the former rates, and his average cost per Kw.H. is reduced from 3.26 cents to 2.84 cents. A city commercial customer using 1,000 Kw.H. a month now pays \$6.05 less for it than formerly, and his average cost per Kw.H. is reduced from 4.035 cents to 3.43 cents.

The May 15th reduction, estimated to cut \$460,000 a year from the company's revenue, is the third in recent years. An estimated reduction of \$539,000 was made in Feb. 1934, and \$545,000 in March, 1937.

South Side Products Now At Dobrowitz's

Phil Kraft, president of the South Side Baking Co., announces that the Dobrowitz Kosher Food Market can now supply North Side residents with South Side Baking Co. products.

Mr. Kraft also announces that the demand for the new South Side Poppy Seed Bread is growing by leaps and bounds. This new white bread is the result of much research and the answer to a finer quality bread. It has an extremely fine texture that is as smooth and as soft as silk and as white as snow. The bread is baked in a new type pan that gives it a soft, yet firm crust that those who like hearth-breads prefer. The top is crowned with tasty poppy seed.

Because of the finess of its texture the bread makes unusually good toast and delightful sandwiches.

Goodwin Rosen Making Good

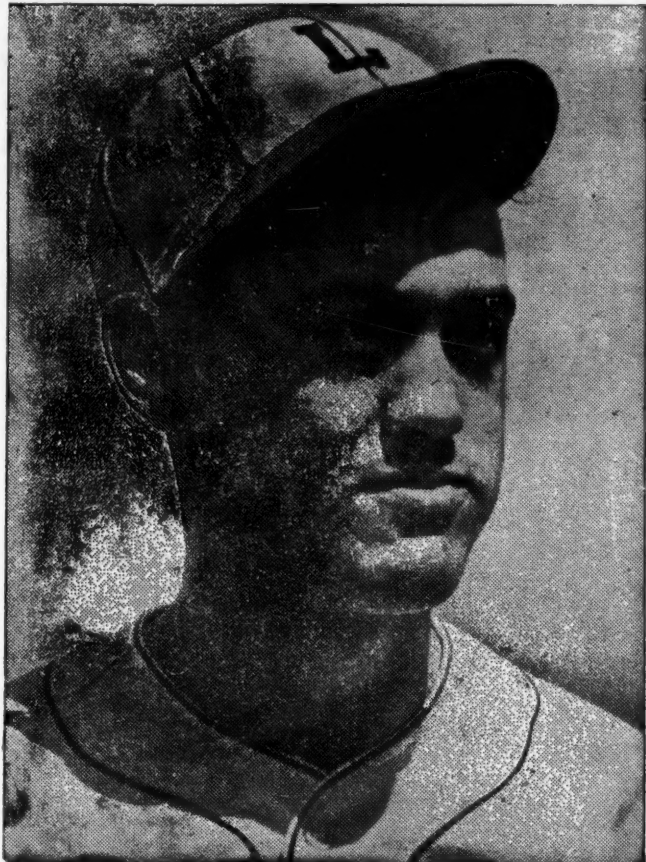

Former Colonel Star Shines At Bat, In Outfield

By MORRIS WEINER
By Jewish Telegraphic Agency

NEW YORK—Goodwin Rosen, lead-off man on the Brooklyn Dodgers, has made the big leagues his stamping grounds this year for two very excellent baseball reasons—his consistent hitting and his top-notch fielding. In these respects Goody is very much like Maury Aronovich of the Phils, Hank Greenberg of the Tigers, and Hank Danning of the Giants. But that's where the resemblance ends. Aronovich, Greenberg and Danning are in the heavy cruiser division as to size and tonnage. Goody is more like those new Navy torpedo boats—small, of lightweight-construction and speedy.

The youngster, a product of Louisville in the American leagues, is celebrating his second year in the majors. His activity to date has been so impressive that the grim day—that Blue Monday of May 23 when rookies are released to the minors—holds no fears for this Jewish lad. His batting average for the 20 games he has participated in thus far is .346.

Rosen deals mostly in singles, yet there are times when he gets surprising distance into his wallops despite his lack of heft. He is only five feet nine inches and weighs

GOODWIN ROSEN

in the neighborhood of 150 pounds, but sometimes he slams the ball like a six-foot two hundred-pounder. Among the 22 hits to his credit at the time of writing two have been triples and three have been doubles.

Work Cheers Grimes.

Grimes seems to find the work of the Jewish lad very cheering. Rosen is the one consistently cheering note in the Flatbush camp. For though the Dodgers appear to be digging themselves into seventh place, they're not pulling young Rosen into a National League dungeon. Goodie, according to Larry MacPhail, new general boss of the Flock, is one member of Burleigh's gang who is making progress while others in the troupe drop back.

Goody opened the season with a bang and then slumped with an equally resounding crash. But he came back in style. Yet until a few days ago he was just another Dodger outfielder who was dropping in and out of the game, seldom being allowed to remain through an entire series. Now the slim fly chaser is back in the line-up making it difficult for Grimes to replace him. In his last three games he was credited with fourteen trips to the plate in which he banged out seven hits—one in the first, two in the second and four in the last—demonstrating completely that he is an everyday performer. And all seven were sizzling hits.

It was Hank Danning who told us that two of his recent clouts—made in the Boston National park—would have been safely over the screen at Ebbets field. But the field is larger in Boston and the outfielder was able to snare those prodigious wallops right near the

fence. "Very surprising for a guy his size," concluded Harry the Horse Danning.

Expert Fielder.

As for the matter of fielding Grimes hasn't a better defensive fly-chaser than young Goodwin. He is well qualified to patrol center field, even though he may not make the spectacular sort of running catches Johnny Cooney used to turn in to make the onlookers marvel at his expertness. Rosen gets the jump on all balls that are smacked solidly. He is also adept at scooping up grounders and when it is necessary to hustle a ball back to the infield he never is guilty of a typical Goofy Dodgerism—throwing the apple to the wrong place.

It's no wonder then that the fans in Brooklyn have taken to Rosen. He's fast. He can hit and he can field. And what is more he is a very shrewd baseball player.

So, on your next visit to the Dodgers home grounds—or if you catch a national league game with the Dodgers on tour—don't make the

Sample Of Anti-Semitic Propaganda Distributed In Indianapolis

Editor's Note: The article below was given to an employee of The Jewish Post by an Indianapolis business man who wanted to warn the Jewish people of the propaganda being spread in Indianapolis. The article is a cesspool of every lying accusation currently being charged against the Jew. According to the business man, the literature was given to him by a member of the "bund", although he stated he was not in a position to say with certainty that the man, whom he believed would return in a few days, actually did represent that U. S. Nazi group.

The attack is not particularly brilliant and definitely would fool no one but the most ignorant. Lord Reading, Rufus Daniel Isaacs, has been dead for several years; Sir Herbert Samuel has not been High Commissioner of Palestine for at least two years, having been succeeded by Sir Herbert Wauchope, who himself has now been replaced. None of the alleged quotations from the Talmud are authentic.

The efficacy of this type of attack is in its semblance of truth, and its half truths. Although Felix Warburg is dead, he did marry the daughter of Jacob Schiff. The Sassoons are a wealthy family, and are a Jewish family, but their interest in Jewish affairs have been something less than normal.

The last paragraph of this lovely bit of prose, is a beautiful thing—so full of loving-kindness and truth. Its angelic statements make one want to aspire to do great deeds, to lead a better life. Do not read the article before going to bed, because it is a sure bringer of bad dreams.

Jews And Their Relatives

During the World War the close solidarity existing between Lloyd George and Jewish high finance is easily shown by the brief biographical sketches of some of the influential personages by whom he was and is constantly surrounded.

Sir Philip Albert Gustav David Sassoon, secretary to Mr. Lloyd George, and his constant companion, whose famous estate of Lymington is so frequently used as a meeting-place by the Supreme Council, is the son of Sir Edward Sassoon, one of the richest financiers in the world. On his mother's side, he is a grandson of Baron Gustav de Rothschild (the Sassoons are Asiatic Jews, coming originally from Bagdad). Sir Philip Sassoon and his cousin, D. R. Sassoon, is at the head of the banking house of David Sassoon and Co. He is likewise closely related to Sir Jacob Elias Sassoon, head of the firm of E. D. Sassoon and Co., one of the most powerful commercial and financial establishments in India and the Far East, and is a near relative of a score of other Sassoons in England and India. The House of Sassoon, with all its affiliations and ramifications, is considered, from a financial standpoint, as holding the same position in Asia as that held by the House of Rothschild in Europe. Sir Philip, Mr. Lloyd George's secretary, being a Sassoon of his father's side and a Rothschild on his mother's, is without question one of the most important financial personages in the world!

Lord Reading (Rufus Daniel Isaacs), member of the Privy Council, former Attorney-General, ex-Minister of Justice, is now Viceroy of India. Toward the close of the war, Lord Reading was sent as High Commissioner and Ambassador Extraordinary from Great Britain to the United States. As

such he possessed tremendous influence with President Wilson, and his intimate associates, among whom were a great number of Jews. He played a prominent part in the drawing up of the peace terms and in the creation of the League of Nations. An intimate friend of Lloyd George, Lord Reading is one of the leading men in English public life. He belongs to the world of Jewish high finance, in which his two brothers play very important parts. One of them, Godfrey Charles Isaacs, is general manager of all the Marconi Companies, and could justly lay claim to the title of the Wireless King. The other, Harry M. Isaacs, manages and controls The British Cellulose and Chemical Manufacturing Co., the largest manufacturers of chemical products in England.

The Samuels constitute a vast tribe, exceeding numerous, influential, and complex. Besides two of Lloyd George's intimate associates—Lord Montagu (Edwin Samuel Montagu), member of the Privy Council and Secretary of State for India, and Sir Herbert Samuel, Viceroy of Palestine. There is a host of other Samuels belonging to the world of Jewish high finance. For instance, there is Sir Harry Samuel, who controls the Shell Transport and Trading Co., and the Anglo-Saxon Petroleum, as well as the Royal Dutch Co., the Mexican Eagle Co., and the Balaafsch Petroleum Maatschappij.

Last comes Sir Alfred Mond, member of the Privy Council, Minister in the present British Cabinet and head of the Economic Council of the Zionist movement. This man, the son of a naturalized German Jew, is one of the nickel kings, the supreme master of international commerce in chemical products, and the proprietor of the Westminster Gazette. Sir Alfred Montz Mond is one of the directors of the firm of Brunner Mond & Co., (with a capital equivalent to about 250,000,000 francs), the Mond Nickel Co., and half a score of other highly important enterprises. Associated with Sir Alfred Mond in all his enterprises is his brother, Robert Ludwig Mond. Sir Alfred's daughter married the son of Lord Reading (Rufus Isaacs), Viceroy of India. This group, of which Mr. Lloyd George was the very eloquent mouthpiece, was and is by no means the British people, but Jewish international finance, whose headquarters are the London Stock Exchange.

Lloyd George and Anthony Eden are Jews. Frances Perkins and Cordell Hull are Jews. Frances Perkins' name is Lazansky. Wm. Bullitt's name is Horowitz.

Felix Warburg, brother of Paul and Max, married the daughter of Jacob Schiff, who was the head of the largest Jewish Banking house, Kuhn, Loeb & Co., New York.

In our papers and over the radio we read and hear constant pleas and advice concerning the letting down of our immigration barriers and letting in the so-called "persecuted" Jews of Europe. Germany doesn't think we, as Americans, would welcome these Jews if we were truly told of these Jews and the conditions their arrival would precipitate.

Fifty-three nations in the history of the world have exiled the Jews, including France, England and Spain. The most important reasons for their exile follows: Jews are taught—

1. "All property of other nations belongs to the Jewish nation, which, consequently is entitled to seize upon it without any scruples. An orthodox Jew is not bound to observe principles of morality towards people of other tribes."—Schulchan Aruch. Choszen Hamispat 348, Talmud.

2. "The Jews are human beings, but the nations of the world are

not human beings but beasts."—Baba Meia 114, 6.—Talmud.

3. "To communicate anything to a goy (Gentile) about our religious relations would be equal to the killing of all Jews, for if the goyim knew what we teach about them they would kill us openly."—Libbre David 37, Talmud.

4. "A Gentile girl who is three years old can be violated."—Aboda Sarah 37a, Talmud.

5. "A Jew may violate but not marry a non-Jewish girl."—Gad. Shas. 2.2.

6. "Our vows shall be no vows, and our oaths no oaths at all."—Schulchan Aruch, Edit. I, 136, Talmud.

7. "Thou shalt not cheat thy next brother, but the non-Jews are not our brethren! but as mentioned above, worse than dogs."—Aruch Choszen Hamispat 227, Talmud.

The above are but samples of teachings which cause them to do the underhanded acts in civic life which make them disliked so by those who have suffered their usury, cheating, lying and general indifference towards the welfare of other citizens.

Since the merging of Austria and Germany, 26,000 Jews would be permitted to come into this country under the present immigration quota, without one bit of legislation. Add to this the quota allowed in from Spain, Russia and Italy. 15,000 of the German quota would be brought into the United States by June 30th. Realize also that nearly all of these would be practically penniless, due to money restrictions in the countries from which they would flee, thereby adding to our own unemployed and dependents upon the relief and charity societies which are already overburdened by present demands.

Taxes are already high in this country to meet government demands for funds to carry on relief, realize that these would undoubtedly increase, with an increased number of aliens, promised our support.

For the price for their fight for World dominance and Communism they would have several times paid for land which they should have bought and colonized for themselves.

By blood tests and ancestry, Jews are Asiatics and Orientals, therefore how can they be given any more rights than are being given the Japanese or Chinese. How can they take oath of allegiance for naturalization and become an American citizen when their own religion teaches them that they must be faithful only to the laws and demands of the Jewish Nation, which are dictated by the executives of the KEHILLA?

Write to your congressmen and caution them that "Charity begins at HOME" and that those already on relief here, need our attention first!

If Jews would be honest in their dealings with Gentiles they would not be forced to seek refuge in more gullible countries!

In American newspapers all we read is hate for Hitler, Japan, the Spanish Insurgents, etc., naturally when one realizes that all of the newspapers are owned or controlled by Jewish syndicates, this is to be expected. But think, why did Hitler suppress the Jews in Germany? Simply because they (a decided minority) held the majority of power in the banking system, (very similar to our own Un-Constitutional Federal Reserve System), were the majority in the professions, physicians, lawyers, teachers, etc., would resort to usury and other ill-famed practices and were literally running the German government, a fact which was also behind the World War. "Der Tag" a German phrase, coined and used with a meaning only to Jewish people, meant and still does

mean, "The Day" for Jewish World Supremacy.

Many people in Indianapolis were ready and willing to make a boycott on Japanese silk (cut off your nose to spite your face act), but Jews own the Real Silk Hosiery Mills here and naturally didn't want to go out of business, so there wasn't any boycott, but remember had that been Gentile owned, the boycott would have been called.

If you will read a little history written by the Jew, Josephus, you will find that he says that the Jews themselves started the first Jewish pogrom (killing of all Jews). A group known as Sicarii of the country surrounding Jerusalem. "Slew men in the daytime and in the midst of the city, especially at the festivals when they mixed with the multitude." from "The Jewish War" IV, p. 170, 334.

England banished the Jews in 1290, and it was during the three and one half centuries they remained in exile that she was known as "Merle England". The fact that their return in force in 1664 was followed the next year by the Great Plague and the year after by the Great London Fire would not appear to indicate that the Jews necessarily bring good fortune to the land that protects them. Read Isaiah 1, 1-17; also Ezekiel 20, 13.

Study Bismarck and you will find that Jews were behind the killing of President Lincoln, as well as Mayor Cermak and Huey Long. It was a Jew that pulled the trigger of the assassin's gun that killed the heir to the Austro-Hungarian throne, which in turn set off the blaze of the World War. The Jews themselves take pride in the fact that they have started every major revolution in the history of the world, including the French revolution, the Russian revolution as well as the present Spanish revolution. Jews were banned from Spain until the last ten or fifteen years and as soon as they again were permitted in the country, trouble began. They have been exiled from fifty-three major countries. If these countries have found it necessary to do this, why? Read the Jewish Talmud, study the Cabala, etc., learn for yourself. Long before the Christian Era Jews became the object of suspicion, in Egypt, Persia and Rome. Pharaoh suppressed the Jews and Mohammed declared: "Their aim will be to abet disorder on the earth, but God loveth not the abettors of disorder". Sura V. 60 (Everyman's Library edition p. 493).

To attribute the persecution of the Jews to Christianity is therefore ludicrous. Catholics were persecuted, Protestants were persecuted and for that matter they still are. If Christianity goes, the whole theory that the Jews were once the "chosen people" goes with it as far as Gentiles are concerned, and the Jewish race divest of its divine favour will have to be judged on its own merits.

No one ever warned the British public more distinctly of the danger they presented or of the role the Jews were playing (and still are) in them than Disraeli (himself a Jew), whose famous words have been quoted so frequently in this connection: "The World is governed by very different personages from what is imagined by those who are not behind the scenes!"

When the Jewish press protests at the injustice of associating Jews with Bolshevism it may be legitimately answered: What has Jewry done collectively to disassociate itself with Bolshevism?

Germany has freed herself of this race as a ruling class and now is more prosperous than ever before. I know personally of Jews in Germany that say if they mind their own affairs they have nothing to worry about. Of course, if they

aren't satisfied with being an ordinary citizen, then let them go where they can be rulers, but where the people to be ruled want them.

We of the United States, and our ancestors came here mainly to get away from the European types of rulership and to maintain our choice, we must defend it to the utmost. Keep the United States for those who came here because of the new government based on a Constitution such as no other country in the world has been able to be proud of or claim. Those who don't approve of our constitutional government, as written, are welcome to go to the country that is run to suit them.

Return to Congress the Constitutional right to coin and regulate money, and you will find that America will throw away her relief crutches and once again walk unsustained. The Federal Reserve Banking System is the first item for us to free ourselves of. Next make it only right that a race of people can be represented by only as many members of their race, according to a ratio, which should be applicable to every race in these United States. This is supposedly a free nation, but not free to be usurped! Free speech for Americans, only.

Do you realize that there are over 600 National Communist organizations, with thousands of state and local branches, in heated revolutionary action in the United States? That there are over 300 Communist Newspapers and Magazines, printed in all languages in the United States? That there are six times as many members in the Communist Party and its affiliated movements in the United States today as there were in Russia at the time of the bloody Bolshevik revolution which cost the lives of millions of innocent people in Russia?

How many Americans know that the "Federal Reserve System" is not an institution affiliated with our government, but a Jew owned private banking system, stealing two billion dollars annually from the taxpayers of America? American taxpayers' money is being squandered by this "Red Roosevelt" to deliberately wreck our country by closing factories and business places, thereby forcing Americans out of jobs, as they realize that a man who is out of a job with a hungry family at home, no food, no fire in his house to warm his kiddies, is likely to see the "beauties of communism" much quicker than is the happy family well fed and cared for. Americans must realize that Franklin D. Roosevelt is working to set up a Communist dictatorship with himself as the Dictator, with "Hot Dog" Frankfurter, Barney Baruch, Kerensky, Browder, John Lewis, and the rest of the Jews coming onto the stage at the proper moment to tighten the noose at the throat of private initiative, bringing slavery and starvation to America in their wake. In a Jew-controlled country, the women are national property—forced into prostitution by the government, and children live in the streets like rats and stray cats. After children become so diseased from syphilis that they are of no further use, they are herded like animals out to the country and shot in mass execution with machine guns. Does America want this??? Decide at once..... there can be no delay.
